

Hand Held

**Compact "Air-Cooled" Fiber Laser Welder
PRC A1500-A2000**

Welding capacity for 2kW

Mild Steel	7 mm
Stainless Steel	7 mm
Aluminum	6 mm

Applications

Used in welding of hardware, home appliances, furniture, kitchen & sanitary ware, batteries, lighting equipment, door & window guardrails, elevators, medical equipment, electrical cabinets, etc...

Metal Furniture

Electrical Cabinet

Elevator Manufacturing

Door/Window Guardrail

Battery Welding

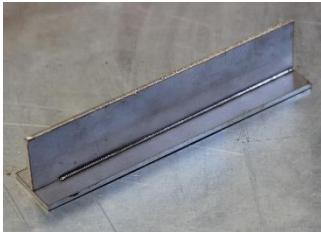

Kitchenware

Light & Decoration

Welding Samples

Stainless Steel Welding

Aluminum Welding

Mild Steel Welding

Pipe Construction Welding

Exhaust Welding

Construction Welding

- **Ultra Compact "Active Air-cooled" design with Fiber cable of 10 m, offering high flexibility for Manual Laser Welding, Cutting and Cleaning.**
- **Integrated operator's touchscreen control with preset parameter library, wobble modes, automatic shielding gas control, and safety functions.**
- **Easy-to-use, no special training needed. Welds up to 10x Faster than TIG !**
- **Welds stainless & mild steel, aluminum, brass & other materials up to 4 mm.**
- **Auto Wire Feeding System.**

Equipment Info:

Dimensions: 650 (L) X 300 (W) X 621 (H) mm .

Net weight: 62KGS
